

## English Journal Club: moving forward

Driven by a constant spirit of improvement, our English Journal Club is experiencing a new way of making presentations. Indeed, during the last presentation of the first round, Dr. Aya Goto had the privilege to introduce a 10-step guideline to help presenters increase efficiency and confidence in limiting a presentation to the core essentials. She was inspired by the article entitled "Improving Journal Club Presentations, or, I can present that paper in under 10 minutes." written by Schwartz MD, Dowell D, Aperi J, Kalet A. Division of General Internal Medicine, Section of Primary Care, New York University School of Medicine. The 10-step guideline, more suited for case presentations by clinicians, can be adapted for article presentations.

We hope this new model of Presentation will be a plus for anyone attending our Journal Club.
